Dear ALL:

I understand the COVID-19 pandemic has placed a hold on many things the City of Los Angeles can do for the community.

But, honesty -- this nuisance encampment that has been tolerated long enough. Its way to much illegal activity from drug selling, from purchasing to the addicts. On top of them using their drugs and loitering (drinking) on the street >> wide one with no worries, no consequence. The Laundromat across the street (essential business)

Fwd: Fw: Homeless Encampment -

has also compliant(s) and placed the same requests with your affiliates to have the individuals removed.

They deal with it daily! they're concern about the families and the safety of their customers. Not to mention their "camera" videotapes and records all their activity day and night. Families and their children do not have to see this "non-sense" period!! What type of message is the City Councilman's and/or LAPD sending.. I'm confused. Its about protecting and serving the community.

Meanwhile, the initial 90- days came and went; since last year. Now it's another 90 days of tolerating this activity; especially during this pandemic.

I hope a resolution can be found for the safety of our community. We all pay taxes and we should not have to see this everyday!

Officer Mejia:

Any update as to when they'll enforce the removal. They're still very present day and night. The tent was down. But the activity continues.

Recent comments:

Constituent contacted CD10: As of today, nothing has changed its trash overflowing of Adams Blvd. ... and they're still congregating using drygs; drinking alcohol which has been ongoing for months and this request has been unresolved since last year. Its a nuisance that's only getting worse .. day and night activity.. And since the COVID-19 everything stopped rather than place and enforce the abatement. This is not how our community should be.. and allow this presence. It's awful... Sandy Richardson
